Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

The Greatest American Two-Cylinder Touring Car Ever Sold FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2000 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5¼ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "There is no other $1550.00 machine of its class to equal it." Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Off on Wheels"; Our Touneau ($1,050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 50 H. P. $1950 to $4650

NEED OF A CHEMICAL ENGINE.

Additional Facilities Required for Fighting Fire.

The question of providing additional means for preventing loss by fire came up for discussion at the meeting of the city council Monday evening. There has long been a feeling that the present facilities are inadequate, and that the three hose carts now in use should be supplemented by a chemical engine. Chief Winter called the attention of the board to the necessity of providing an engine and promised to give the board further information on the subject at the next meeting, including the cost of a machine.

Chairman Havey called the attention of the Board to the immediate need of a street-sweeper to keep the streets in good, clean condition. With first-class streets it would be necessary for the town to provide itself immediately with a sweeper of sufficient capacity to do the work quickly and effectively. After much discussion, the board decided to purchase a machine and to have the sweeping done by contract.

A communication was received from the Spaulding-Bonestel Directory Company of San Francisco, informing the board that the company is about to compile a local directory, which would be more useful if the streets were designated by sign boards and the houses numbered. The communication was accepted and filed.

Mrs. Mary M. Wooll, of San Francisco, protested in writing against being compelled to build a curb in front of her property on Eighth and Ninth streets. She claims that the improvements is at present not required and that it would cost more than the gross income of the property for three years. The clerk was directed to notify her to comply with the board's order.

The board adopted ordinance No. 57, declaring that a total of $19,721.01 will be required during the coming year to pay the interest and installment on the bond issues and conduct the affairs of the municipality.

Permission was given to the Redwood City Commercial Bank to enclose five feet of the sidewalk on A street while its building was in course of construction.

County Auditor Barker presented the following statement of values of property within the city limits:

The new library building will be occupied by the first of next month. The library trustees have instructed the librarian to issue no books until in the new quarters. One of the young business men of this city came in close contact with the stout arm of the law of San Francisco one day this week. While he and a friend, of the medical profession, were riding in an automobile the chaeffeur was stopped by a policeman and the trio taken to the hall of justice and charged with violating the speed limit. Upon the doctor's explanation, however, that he was calling on a patient who was on the point of death, the judge dismissed the charge.

An athletic club has been organized in this city, with Richard Brooks of San Mateo as president and William Curran as secretary and treasurer. O'Brien has a good record. He fought Tom Massey of Oxnard and had to stop, having broken his arm in the fourth round. He is training for the mill at Curran & Demartini's. BRING ON YOUR BABIES.

Prizes Will Be Offered for the Handsomest Youngster.

Redwood City is to have a baby show—not the kind of a show you read about in the flapdoodle columns of the big dailies—but a real baby show where cherub-faced youngsters make goo-goo eyes at you and cause the paintings of famous artists to look like thirty (30) cents; youngsters that can yank your hair out by the roots, four at a time; youngsters that can let loose on the oskey-wow-wow until the tympanic membrane of your ear contracts the tired feeling of a broken-down bass-drum.

This novel exhibition is to take place sometime in the early part of October—the date has not been definitely decided upon—and will be given under the direction of the Native Daughters, who are arranging for a two or three days' bazar to be held in Germania Hall. Prizes will be given to the handsomest youngsters, three prominent business men having, we are informed, agreed to act as judges.

There will be other features of the bazar equally as novel. One evening will be set apart for an old-fashioned party. The dancers will be expected to attire themselves in clothes of antediluvian antiquity—if still more ancient, the better. This part of the entertainment is possible of some very pretty features and ought to prove a great drawing card. There will also be a musical and literary programme.

THAT'S THE WAY, FINE!

Let's Join In to Celebrate the Era of Good Streets.

With the completion of the street work now going on Redwood City will have taken another decisive step toward making it one of the most up-to-date municipalities in the State.

Old settlers who remember the time when the merchants of the town were accustomed to provide their customers with rubber boots to wade across the main thoroughfares in winter time, and those of the younger generation who have in mind the pitiable condition of Avenue de Mud and other prominent highways of last winter, all feel that there is cause for general rejoicing.

Actuated by these motives of thanksgiving, several prominent business men have suggested that on the evening of September 9th a local celebration and dance be held in honor of the commencement of the era of good streets. The expense of such a celebration would be small, and when divided among the citizens and merchants would amount to a mere trifle to each.

There is much merit in this suggestion, and it ought to appeal to every citizen. Let the Board of Trade take a hand and set the ball rolling.

ASKS FOR HEAVY DAMAGES.

Louis Hoelscher Says That His Food Was Doped.

Louis Hoelscher of South San Francisco began a sensational damage suit in the Superior Court of this county this week. All the defendants are well-known residents of the northern part of the county and are as follows: J. H. Kelly, J. O. Synyder, W. J. Martin, R. K. Patchell, E. E. Cunningham, T. Mason, Peter Kelley and J. McGroath.

It appears that the plaintiff was arrested for disturbing the peace and sentenced by Judge Cunningham to serve three months in the county jail.

The complaint makes the following sensational and somewhat unreasonable charges:

That while plaintiff was so incarcerated in said jail and serving said sentence, dedefendants resolved upon and conspired to so injure plaintiff's health while plaintiff was so incarcerated as above; that plaintiff would be a physical wreck upon leaving jail at the end of his sentence, and to that end and for that purpose defendants attempted to and did place and mix with the food prepared for plaintiff, to be eaten by plaintiff at all meal times during said period of plaintiff's incarceration in said jail under sentence, a deadly poison, to-wit: Salicylic acid.

That by reason of said defendants having placed said salicylic acid in plaintiff's food during said incarceration, without consent or knowledge of plaintiff, and that by reason of plaintiffs eating said food his health became broken and shattered and at the termination of his incarceration plaintiff left said jail a physical wreck—due from the effects of eating said food furnished at said jail, into which said defendants had placed said salicylic acid.

During the time of plaintiff's incarceration he did not know that the food contained such poison.

During such imprisonment he suffered great physical pain.

Hoelscher asks damages in the enormous sum of $50,000 for his alleged injuries and sufferings while in jail. It will now be in order for the defendants to "dig up" that amount.

William S. Groves and Percy E. Fuller of San Francisco are the attorneys for plaintiff.

In covering up his tracks a man often makes a lot more while doing it.

An Auto Makes Trouble for a Young Horse — A Number of Bucks Slain.

HALF MOON BAY, August 24.—At a meeting of the board of trade last night it was decided to look into the matter of having 50,000 letterheads and 50,000 envelopes printed, with the picture of the town on them. The cut will give a bird's-eye view of not only the town but of the surrounding country as well. The idea is to sell this stationery at cost price to the merchants and others, so that every letter that leaves town will be an advertisement for Half Moon Bay.

Dr. Mark Emerson, the well-known physician of the coastside, who was taken seriously ill on July 4th is improving. The Doctor while making professional calls during the heated term, suffered a partial sunstroke, which so affected his eyes that he was threated with blindness. Dr. J. L. Ross was called to see him on Thursday. He found that his left eye will probably never recover, but that the right, under proper care, might regain its usefulness. At Dr. Ross's suggestion, he will immediately seek the aid of a specialist in San Francisco. It is to be hoped that this old and well loved practitioner will soon be able to resume his practice.

Constable Simmons and Bert Hatch had a narrow escape from serious injury at Purissima Sunday. They were driving a young horse, and just as they came to a turn in the road an auto nearly ran over them. The horse shied so suddenly to one side of the road that he broke one of the shafts of the buggy and it was all the two men could do to keep him from falling over the embankment. Fortunately, they were able to manage him and to repair the shaft so that they could get back home.

Quite a few nice bucks have been killed in the mountains of this vicinity this year. Sunday Ed Gonzales and Leon and Raymond Diaz got a fine one on the Diaz ranch near La Honda. J. Hall Lewis and Andy Gilchrest headed a party that went out yesterday. They returned with two fine bucks late last night.

R. H. Rixley, a raucher of Purissima canyon, has just left for an eight-months' visit to his old home at Platte City, Mo.

C. E. Rathburne, the local plumber, and Miss Viola Grainger, eldest daughter of Payne Grainger, were married at the Methodist parsonage yesterday.

Mr. and Mrs. William Whiteman returned from their honeymoon trip South, Tuesday, and are now domiciled in their new home on South Main street.

The New Miramontes Tract will be on sale, in 50x100 lots, next Monday. It is expected that there will be a rush to secure these lots.

Dr. Barret of Redwood was called over yesterday to attend Mrs. Harry Archer, who is quite sick.

Ben Robinson and wife left Friday for Los Angeles, where they will make their future home.

P. F. McGovern of South San Francisco, paid a visit to his ranch, near here, Tuesday.

Mrs. Herman Albright of Sunol is visiting her mother, Mrs. E. Schubert.

WOODSIDE CRIPS.

WOODSIDE, August 25—Philip Hillebrand returned from the Orient on the Transport Lawton last week after a stay of some years in Manila and Japan. He was for some time chief electrician on the Battleship Kentucky and other government war vessels. He is considered an expert at his business. After a short vacation with his parents he will make a trip on the Pacific Mail steamer Manchuria as its electrician to the Orient.

Gerald Halsey has been spending a two-weeks' vacation with friends in the San Joaquin valley. The young man will re-enter Stanford this year to continue his law course.

A marriage license was issued from the Clerk's office in San Francisco Thursday to Christian Hansen and Josephine Silva, both of Woodside.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Last Meeting.

Opposition to Forming a Sanitary District in the North End of the County.

The Board of Supervisors met in regular session last Monday morning, all the members being present.

The resignation of Carl J. Coburn as Justice of the Peace of the Fifth Township was read, and on motion of Eikerenkotter seconded by MacBain same was accepted.

District Attorney Bullock, on behalf of Carl J. Coburn, presented the board with the latter's certificate of appointment as Supervisor of the Fifth township to succeed C. L. McCracken, and also the oath of office.

On motion of Eikerenkotter seconded by MacBain same were accepted and filed.

Mr. Coburn, on taking his seat, said he was there for work and asked the assistance of his fellow members in the performance of his duties.

Chairman Coleman then made an order appointing Coburn on the various committees on which his predecessor had acted.

Jacob Bryan presented a petition signed by 28 residents of Colma asking for some relief in abating the hog-ranch nuisance.

Mr. Bryan said the people needed some relief. A sanitary district could not be formed, because the measure would be outvoted at the polls by the hog-raisers. Mr. Bryan explained that the nuisance had assumed gigantic proportions, and physicians had told him if it were not for the brisk ocean breezes the people of Colma would suffer from a pestilence. He said the route of the proposed new boulevard ran right through the hog district.

District Attorney Bullock said that the formation of a sanitary district was the proper solution of the whole affair, but that the people were opposed to this.

After a full discussion of the matter by the board it was agreed to have all persons concerned appear before the board on September 5th to be heard. This was on motion of Debenedetti seconded by MacBain.

The affidavit of D. E. O'Keefe showing that due publication had been given the petition of H. May Pearsall and others for the formation of a Reclamation district was read and ordered filed.

Jas. T. O'Keefe, representing attorney Hill of Eureka, said that inasmuch as opposition to the petition had arisen he would ask for a continuance for a month, when the matter could be amicably settled. He was satisfied the differences between the parties could be settled.

The opposition was represented by Geo. C. Ross, Judge Fitzpatrick, District Attorney Bullock and ex-Govenor Budd, who were present in the interests of the Phelps estate, the Spring Valley Water Company, the county, C. R. Splivalo and others, owning land or having interest in or adjacent to the proposed district. The petition was continued for one month.

The following protest, signed by Chas. H. Johnson and others of Colma, against the granting of a license to S. Franklin, was read and the hearing was set for September 5th:

At the request of MacBain the matter was laid over until the afternoon session of the Board.

Nelson Kelly of La Honda applied to the board for aid. He is 66 years of age and unable to perform any work, owing to ill health.

On motion of MacBain seconded by Eikerenkotter the application was laid over until the next meeting.

Afternoon Session.

The board met at 1:30 pursuant to adjournment during morning session.

On motion of Eikerenkotter seconded by Coburn a map of the subdivision of the Belle Air tract at San Bruno was accepted and filed and the following resolution adopted:

State of California, County of San Mateo. S S.

In the matter of the presentation to the Board of Supervisors of the County of San Mateo, State of California, of a map showing all parcels of ground at San Bruno, reserved by the West Shore Realty Company, an incorporated company, for public purposes.

This matter coming on regularly to be heard before the Board and it appearing to the Board that the proprietor of that certain tract of land in the County of San Mateo, State of California, situated at San Bruno, in the first road district of said county, and known as Belle Air Tract, has caused the same to be accurately surveyed, laid out and subdivided into blocks and lots for the purpose of sale; and has caused to be made an accurate map thereof, particularly setting forth and describing all the parcels of grounds within such tract reserved for public purposes by their boundaries, courses and extent, showing portions intended for avenues, and streets, and also all lots intended for sale by number and their precise length and width, said map being designated as Belle Air Tract, San Bruno, and dedicating for public use avenues and streets mentioned therein as follows:

First Avenue, Second Avenue, Third Avenue, Fourth Avenue, Fifth Avenue, Sixth Avenue, and Seventh Avenue, Elm Street, Pine Street, San Bruno Avenue, and Walnut Street, which said map was duly acknowledged by the principal officer of the said West Shore Realty Company, an incorporated company, before an officer authorized by law to take the acknowledgment of conveyances of real estate.

That said map has been presented to this Board for acceptance.

It was upon motion duly seconded and unanimously carried, ordered that said First Avenue, Second Avenue, Third Avenue, Fourth Avenue, Fifth Avenue, Sixth Avenue, Seventh Avenue, Elm Street, Pine Street, San Bruno Avenue, and Walnut Street, as delineated, platted and marked on said map, be and the same are hereby accepted on behalf of the public as being dedicated by said proprietor to public use, in accordance with law, and that this Board indorse on said map its acceptance of the said streets, roads and highways, above set out, to have been thus accepted.

That upon motion duly seconded it was further resolved that this acceptance is upon the express condition that until further order of this Board the County of San Mateo shall not, and does not hereby become responsible or liable for any expenses, costs or charges as to the repair and maintenance, or any road costs of any kind, on account of said avenues or streets or any part thereof so dedicated and accepted, and that no officer of said county shall be liable for damages in any sum or amount arising by or through any defect in said avennes and streets, nor shall said county be liable therefor.

A communication from the State Agricultural Society, asking for data to be forwarded to its secretary, was read and ordered filed.

A contract between the Sunset Telephone Co. and the county was read and ordered filed.

On motion of MacBain, seconded by Eikerenkotter, Ordinance No. 200 was passed and adopted by the board. The ordinance makes it a misdemeanor for any one to deposit garbage on the public highways of the county, in creeks, or on private property without consent of owner.

The returns of a special election held at Ravenswood school district on August 12th, to raise $600 for necessary repairs on the school building, was read. They showed that six votes were polled and all were in favor of the bond issue.

On motion of MacBain seconded by Eikerenkotter the said returns were accepted and ordered filed.

The affidavit of D. E. O'Keefe, showing that due and legal notice had been given bidders for furnishing supplies for furnishing the new courthouse, was read.

On motion of Debenedetti seconded by Coburn all bids were ordered returned and the designs retained for examination by the board on Monday, August —h, at which time a special meeting will be held.

Debenedetti, who at the last meeting changed his vote from aye to no on the motion denying the petition of the Italian Cemetery Association to extend its cemetery at Colma, moved that the question be taken up. The motion was seconded by MacBain.

J. J. Bullock, representing the Cemetery association, said that the obstruction on Clark avenue would be removed and urged that the petition be allowed.

Attorney Frohman, the representative of the Jewish cemetery, wanted an assurance from the petitioners that the street would not be again obstructed, but this the board refused to exact as it could not grant the privilege with such an attachment. If Clark avenue was a public thoroughfare any attempt to close it could be prevented through the proper legal channels.

Mr. Frohman said that it had been stated that Clark avenue was a "street on paper," which was an error, as it was a regularly accepted and used thoroughfare.

Mr. Bullock had his doubts as to this assertion, but as it had nothing to do with the subject he asked that the petition of the Italian association be granted. Whereupon the prayer of petition was granted.

The resolution of Menlo Parlor, N. S. G. W., that was laid over during the morning session, was taken up.

On motion of Eikerenkotter seconded by MacBain the prayer of the petition was denied, MacBain voting no.

The matter of appointing an expert for the new courthouse was discussed at some length. MacBain explained that he had already expressed himself on the question and had nothing further to say.

Contractor Amwig was asked what his opinion was, and he replied that he had nothing to say other than he had performed his work strictly in accordance with the specifications.

Architect Dodge was asked for an expression of opinion and he said the board had a superintendent of construction to whom it should look for the proper carrying on of the work. He claimed that his plans and specifications were all right and that he had done more than was called for. Any dispute which may exist between the board and the contractor, he said, should be referred to the architect. He had heard a lot of indirect talk that things were not right, and he wanted to know exactly what it was. He wanted any statement to the effect that he was not doing what was right made a matter of record. As far as employing an expert was concerned he had no objection, but he would employ one also to proteet himself.

Superintendent Roussel made a long statement to the board saying that everything on the new court house was done according to the plans and specifications. The contractors were always willing to make the changes that he suggested. The walls complained of were as well constructed as in other buildidgs.

It was agreed upon to appoint an expert at the next meeting of the board.

A map of Subdivision of block 4, West Belmont, was accepted on motion of Eikerenkotter seconded by MacBain and the following resolution adopted:

WHEREAS, O. L. Roussel, Geo. C. Roussel, P. A. Roussel, W. H. Roussel, V. E. Roussel, and L. M. Roussel, owners and proprietors of a certain tract of land in the county of San Mateo, State of California, being a portion of block No. 4, West Belmont, San Mateo county, California, in the second road district of said County of San Mateo, and have caused the same to be laid out and subdivided into lots, for the purposes of sale, and have caused to be made an accurate map or plat thereof, particularly setting forth and describing all the parcels of ground within such subdivision reserved for public purposes, by their boundaries, courses and extent, and also lots intended for sale by letters, and their precise length, width and dimensions, said map being designated as "Map showing Resubdivision of a portion of Block No. 4, West Belmont, San Mateo Co., Cal.," and said subdivision having been made on the 4th day of April, 1905; and

Whereas, Said O. L. Roussel, Geo. O. Roussel, P. A. Roussel, W. H. Roussel, V. E. Roussel and L. M. Roussel, did on the 17th day of August, 1905, duly acknowledge the said map before Charles E. Dugan, a notary public in and for the County of San Mateo, State of California, and said notary public did on said day duly affix thereto his certificate of such acknowledgement in due form of law; and

Whereas, The aforesaid map or plat is now presented to this board for acceptance;

Now therefore, be it Resolved, That Palm avenue, as delineated on said map be and the same is hereby accepted on behalf of the public, by the Board of Supervisors of the County of San Mateo, State of California, as dedicated to public use, in accordance with the law in such cases made and provided, and the Clerk of this board is directed to endorse acceptance on said map as follows, to-wit:

"Palm avenue as shown and delineated on this map, is hereby accepted by the Board of Supervisors of the County of San Mateo on behalf of the public as dedicated to public use in accordance with and subject to the terms of a resolction of said board adopted this 21st day of August, 1905."

Resolved, That this resolution is adopted, and said map accepted upon and subject to the express condition that the County of San Mateo does not hereby become responsible or liable for any expense, cost or charge to such Palm avenue, or any part thereof, whether for grading, macadamizing, or for any other road purpose, this condition and the incurring of any expense, cost or charge being left to the discretion of future Boards of Supervisors, nor shall said Board of Supervisors, or any member thereof, or said County of San Mateo, be liable in damages in any sum or amount arising by or through any defect of any kind in said avenue.

No further business appearing, the board adjourned to Monday, August 28th.

The bills were audited and ordered paid:

ENGLISH SERVANTS.

They Don't Want Respect, but Insist Upon Their "Rights."

To the American settling in London nothing is more confusing than the attitude of English servants, their contempt for the slightest consideration of their feelings and their fury at the least infringement of their rights. At first sight it seems that in spite of their dignity they accept extraordinarily small wages, but the American finds housekeeping in London quite expensive, for not only is the work so specialized that an immense number of servants is required to do it, but they consume a great deal of time and food in five meals a day, which is considered their right.

Class distinctions below stairs are regarded much more scrupulously than above, and the unfortunate mistress of a house has to understand the grade of every one she employs, from the housekeeper to the scullery maid. Woe betide her if she confuses an upper and a lower servant or gives an order to the wrong one.

An American woman married to an Englishman and settled in London told me that she installed a dumbwaiter in the hope of saving trouble to both her cook and her butler. At the end of a month she found it unused and on inquiring learned that as it was not the traditional duty of either a cook or a butler to send such a thing as a dumbwaiter up and down both refused to touch it, and her food continued to be carried by hand from her remote kitchen. Trouble was nothing to them in comparison to the danger of compromising their position.—Ainslee's Magazine.

TAINTED ATMOSPHERES.

How Fumes of Alcohol and Poisons May Endanger Health.

Burton-on-Trent, the center of the English brewing industries, has the peculiar faculty of mildly intoxicating the stranger within its gates. The resident has become accustomed to the mildly alcoholic fumes which arise from the innumerable brewing vats, but the susceptible stranger finds exhilaration and finally a mild form of intoxication in the atmosphere—an effect which does not wear off for several hours after his arrival. On every hand the big brewing houses are throwing off fumes from the vats of malted liquors, and, while these are imperceptible to the resident, more than a thousand authentic instances are said to have been recorded of persons to whom the air has proved to possess properties that both cheer and inebriate.

Just as in certain parts of the west the arsenious fumes from the smelters destroy vegetation and imperil health, the vapors of the English brewing capital destroy the sobriety of the abstainer and fill his head with vagrant fancies. As many visitors to the place are actuated by a desire to see for themselves the great industry which they are doing their modest best to suppress and as they are the most sensitive to the atmosphere of the town, those who gain their living from the brew houses take great delight in observing these involuntary lapses from principles.—New York Herald.

Perfectly Obvious.

"Why do you permit the attentions of Cholly Sapleg while Jack is in Europe?"

"What a simple question!"

"Oh, is it?"

"Sure. I permit Cholly's attentions while Jack is in Europe because Jack is in Europe."—Houston Post.
